TREASURER: SHARON BICKFORD-512-475-8427
MANAGERS: KYLE HEMMI-512-372-8778 EXT. 105
 DEBORAH FRANKHOUSER-512-346-1386
 JENNIFER JAQUES-512-353-3890

Please come and join American Light as they host the next IESNA Webcast.

Topic: Lighting for Hospitals and Healthcare Facilities

Date: April 18, 2007

THERE IS NO CHARGE FOR THIS EVENT!!!!

Leslie North says, ..." this presentation's NOT a run down of the new RP, but designed to be more global in scope relative to healthcare design issues. In fact I wasn't even interested in being involved with the webcast if it was only focused on the RP. We've structured this so that my first part is about drivers, trends & issues relative to healthcare and not really addressing the RP much at all. Although it could be argued that it is these drivers which prompted many of the changes in the RP. John is picking up with the latest hot trend, green lights in ORs, which is not even addressed in the RP. Then he's following up with what's new in this RP tying the prior section to specific space applications."

Refreshments will be provided.

Please RSVP to Brent Andrews at brenta@fsgconnect.com We are looking forward to seeing you there.

5/23-CUSTOM FIXTURE TOUR
SUMMER BREAK!

ED-150 UPDATE: The last ED-150 class was held on the 10th. Certificates will be sent from National this year to ensure that those needing types of credit have the data recorded in their membership file at National. Those who completed the class are: **Dave Holub, Charlies Alicea, Joseph Garcia, Joshn Schach, Ian Hall, Cody Jinkins, Deena Dail, Alfonso Manzano, David Rigsby, Julia Brack, Chris Boissewain, Trent Norris, Scott Jarman, Kyle Hemmi and Herbert Deazvedo.** Congratulations everyone on a job well done!

Thanks again to all the instructors who assisted with this year's program; we couldn't have done it without you!

IESNA Texas Capital Section Officer Election Ballot

It's that time to give us your two cents worth! As an IESNA member, you are given the chance to select officers for the next year (Sept. 2007– Sept. 2008). Just fill out the ballot below and fax to 512-353-3891 by April 23rd. On the space provided below please write your IESNA membership number, do NOT write your name. If you receive this via email and are NOT an IESNA member, please discard this ballot and join IESNA so you can vote next year!

IESNA Membership no. _____

New Officers and Chairpersons will take office in July at a planning session meeting.

We'd like to take this chance to thank the people listed on the right for becoming a committee chairperson for the coming year. It's their dedication to IESNA that will help ensure a fantastic year for all of our members!

If you would like to assist them in any way please contact them. They would appreciate any help you can offer.

Your chairpersons for the coming year are:

Membership/Sustaining Membership Chair –

Julia Brack 512-837-8848

Public Relations/Awards Chair –

Ruth Sulzer 512-990-9550

Newsletter & Education Chair –

Jennifer Jaques 512-353-3890

IESNA Officers Ballot – return by fax by Monday, April 23rd

Check the appropriate boxes or use the write in option:

April 18, 2007 Webcast

Lighting for Hospitals and Health Care Facilities

Times

7:00PM – 8:30PM Eastern Standard Time
6:00PM – 7:30PM Central Standard Time
5:00PM – 6:30PM Mountain Standard Time
4:00PM – 5:30PM Pacific Standard Time

Level of Instruction: Intermediate

This educational offering is registered for 1.5 HSW learning units with AIA

Learning objectives:

- Discuss industry trends which impact health care lighting design
- Introduce concepts in IESNA RP-29-2006 “Lighting for Hospitals and Healthcare Facilities”
- Identify how appropriate lighting investments can address health care industry drivers

About our Speakers:

Leslie M. North, PE, LC, LEED AP

Ms. North is the founding principal of Aurora Lighting Design, Inc., an independent lighting consultancy in the greater Chicago metropolitan area. Her practice entails all aspects of architectural lighting design with special expertise in corporate, healthcare, trading floors and sustainable design issues.

Her healthcare experience ranges from medical offices and regional medical centers to million-square-foot urban institutions. In healthcare design, she finds a special satisfaction in successfully marrying quality lighting environments with rigid functional and economic demands.

Ms. North is a registered Electrical Engineer in the State of Illinois, is Lighting Certified by the National Council on Qualifications for the Lighting Professions (NCQLP), and is a LEED Accredited Professional. As a member of IALD and IESNA, she serves actively on the Healthcare Lighting Committee, Sustainable Lighting Committees, and as vice-chair of the Quality of the Visual Environment (QVE) Committee.

John W. Gill, PE, LC

John is a Principal with CRS Engineering & Design Consultants and Director of Lighting Design Services. He manages the Lighting Design group, including all aspects of professional practice, for a variety of projects types including healthcare, commercial office, houses of worship, education and high-end residential.

Mr. Gill is a Registered Professional Engineer (Building Architectural Engineering) in the state of Alabama, is certified by the National Council of Qualifications for Lighting Professionals (NCQLP) and the Construction Specification Institute (CSI) Construction Document Technologist (CDT).

Along with serving as Chair for Healthcare Facilities Committee of the Illuminating Engineering Society of North America (IESNA), Mr. Gill's other professional affiliations include the International Association of Lighting Designers (IALD), the American Institute of Architects (AIA) and the American Council of Engineering Companies (ACEC).
